The brand's logo explained

The name **Kaci** is primarily a gender-neutral name of Irish origin that means vigilant In War. In American origin, **Kaci** means "alert, watchful". **Kaci** has different variant names with mostly girls but boys also bear it. So its an universal name.

This composed symbol became Kaci's emblem signifying an all-in-one automated assistant that can get real-time updates, confirm doubts, report problems, request for services and many more.

The different shapes used represent different sections or modules band together to help and achieve a purpose. This translates to "assistant " and "loyalty."

The mascot face is a head representation of Kaci as a female. The mascot head can have different expressions and can be added to a body with different clothes.
